

# WE SHARE THE AIR...

In an effort to accommodate children, staff, and families of Step By Step who suffer from "environmental sensitivities", Step By Step Child and Family Center has put into practice a

## SCENT-FREE AWARENESS

campaign within the Center.

We ask that all individuals who enter the building to please be mindful of others and to avoid using scented products before and/or while visiting or spending time at the Center.

# USE GOOD SENSE WITH SCENTS!
